Comfortable ride.
Spacious seating comfort with increased knee and shoulder space.

Unique agility on every surface with superior maneuverability

Lightweight and strong aircraft grade aluminum chassis.

Hydraulic Brake
(front and rear drum brake)
Regenerative Brake
Mechanic Parking Brake

Turning Radius

T-Car 2 R 2600mm

T-Car 4 R 3700mm

T-Car 6 R 4860mm

TRAGGER
T-Car TRANSFER SERIES

A great driving pleasure with a customizable programming feature.

Very specious thanks to the comfortable seat spacing. The rear cover opens with a damper for ease of maintenance. Offers acrylic fabric and ABS rigid roof options. Choice of reverse double seat or reverse double seat convertible to loading platform. The seated frame is very suitable for different superstructure applications. It can be used with a basket or aluminum-covered bed.
